

August 28, 2008

To: Albuquerque NAACP Membership,

The NAACP Albuquerque branch request your support for the next several months. Although we've won many victories, during the year, the days ahead are critical. The Albuquerque students participated at the National ACTSO contest in Orlando, Florida, July 31 – August 3, 2008. There were twenty-six areas of competition. The following are some examples of those areas of competition:

David Brown won the gold medal (first place) in Computer Science, which includes \$2000 and a laptop computer. His sister, Patricia Brown, who competed in mathematics and medicine and health, won a full tuition scholarship, including room and board for Massachusetts Institute of Technology (MIT) to study biochemistry, with a focus on apoptosis.

Therefore, your contribution or volunteer support will assist the branch ability to complete several other events planned for 2008. At the present time, we are coordinating many local community activities such as: Job Fair in October 2008, Get out to Vote Empowerment program, local community speakers, State Conference, and NAACP Officers election for 2009-2010.

The next meeting will be at 11:00 AM, September 13, 2008 at 625 San Pedro NE, Albuquerque NM.

Thank you again!
